

AV Rider

Microphone

Roderick requires a wireless lavalier microphone or earpiece connected to a professional audio system.

AV Testing / Sound Check

Roderick requires an A/V check no fewer than 60 minutes before taking the stage.

Confidence Monitors

Roderick strongly prefers at least one confidence monitor. If this is not possible, then he will require a table or location to place his laptop to view his slides in Presenter Mode.

No Podium

Roderick prefers no podium on stage. If one must be present, it must be pushed back so he may walk in front of it unencumbered.
